

PRESSING FORWARD. MOVING UPWARD.

Part One - *Getting Clear for the New Year*

*"...But one thing I do, forgetting those things which are behind
and reaching forward to those things which are ahead..."*

Philippians 3:13

All of the following can be done through prayer and a quality decision to act by faith. **A quality decision** is the thing that gets done because you are committed to it.

1. What have been your best of times in 2018?
2. What are you going to stop looking at from the past?
3. Why did Jesus "lay hold" of you?
4. What is your prize (goal) in God's purpose?
5. What perspectives need to change from negative to positive?
6. What pain and disappointment should you leave behind?
7. When will you form your plan to retire debts and eliminate unnecessary expenses? (Make a quality Decision)
8. What quality decisions do your need to make?
9. What biblical/kingdom principles do you need to resume/strengthen?
